

World Congress of Paediatric Ophthalmology and Strabismus

12–13 September 2009

CCIB Congress Centre, Barcelona, Spain

During the XXVII Congress of the ESCRS

World Congress of Paediatric Ophthalmology and Strabismus

12-13 September 2009

Programme Overview

SATURDAY 13 SEPTEMBER

Time	Room 112	Room 111	Room 133
08.00	Opening & Welcome		
09.00	Free Papers (Non Strabismus) Ch: David Granet Ch: Ken Nischal	Strabismus Syndromes Ch: Ramesh Kekumaya Ch: Cumhur Sener	Application of Telemedicine Ch: Thomas France
10.00		Break	
11.00	Paediatric Uveitis Ch: Clive Edelsten	Paediatric Glaucoma Ch: Alicia Serra-Castanera Ch: Nicola Freeman	Strabismus Re-do Strategies Ch: Steve Kraft
12.00	Keynote Lecture Jack Kanski		
13.00		Satellite Meeting Clarity Medical Systems ROP in 2009: Regional Solutions for Preventable Childhood Blindness	
14.00		Joint Symposium with ESCRS "Paediatric Cataract & Refractive Surgery" Chairpersons: Ken Nischal, Paul Rosen Venue: Main Auditorium	
15.00	Paediatric Retinal Disease (Medical) Ch: Tony Moore		Managing IIH Ch: Grant Liu
16.00	Paediatric Retinal Disease (Surgical) Ch: Mangat Dogra		Managing ONG Ch: Grant Liu
17.00	Controversies (Amblyopia) Ch: Jonathan Holmes	Break	
18.00		Controversies (Nystagmus) Ch: Richard Hertle	Visual Electrophysiology in Children Ch: Alki Liasis

World Congress of Paediatric Ophthalmology and Strabismus

12-13 September 2009

Programme Overview

SUNDAY 13 SEPTEMBER

Time	Room 112	Room 111	Room 133
08.00			
09.00	Free Papers (Strabismus) Ch: David Granet Ch: Ken Nischal	LIDS Ch: Dominique Bremond Ch: Chang, Hae Ran	Optic Neuritis in Children Ch: Paul Phillips
10.00		Early Intervention and Rehabilitation of Children with Impaired Vision Ch: Lea Hyvärinen	Paediatric Anaesthesia Ch: Richard Martin
10.00 - 11.00	Break		
11.00	Retinopathy of Prematurity Ch: Andrea Zin	The Orbit Ch: Yassir Abou-Rayyah Ch: James Katowitz	Retinoblastoma Ch: Brenda Gallie Ch: Arun Singh
12.00	Keynote Strabismus Lecture Ken Wright		
13.00			
14.00			Satellite Meeting Laboratoires THEA Managing Ocular Surface Infection in Paediatrics
15.00	Exotropia Ch: Zhao Kanxing Ch: Scott Olitsky	Paediatric External Diseases Ch: Yee Fong Choong Ch: S. Farzavandi	Thyroid Eye Disease Ch: David Granet
16.00	Paediatric Retinal Disease (Surgical) Ch: Mangat Dogra	Genetics Ch: Eduardo Silva Ch: Elias Traboulsi	Non-Accidental Injury Ch: Alex Levin
17.00			Strabismus Techniques Ch: David Granet
18.00	Close of Congress: My World, My Way Ch: Marilyn Miller		
19.00	Closing Reception		

World Congress of Paediatric Ophthalmology and Strabismus

12–13 September 2009

Scientific Sessions

SATURDAY 12 SEPTEMBER

08.30 – 10.00

Application of Telemedicine

Chairperson: Thomas France *USA*

Dr Anand Vinekar *INDIA*
ROP telemedicine in India

Dr Andrea Molinari *ECUADOR*
The story of an Orbis Mentor

Dr Robert Laroche *CANADA*
Distance learning in Halifax

Dr Rob Walters *UK*
The role of ORBIS in eLearning

Professor Kristina Tornqvist *SWEDEN*
Free Paper: Web based quality control of paediatric cataract surgery – a method for the future

08.30 – 10.00

Strabismus syndromes

Chairpersons: R. Kekunnaya, C. Sener

Dr Inez Wong *SINGAPORE*
Overview of Strabismus Syndromes

Dr Cumhur Sener
Congenital Muscle Fibrosis Syndrome

Dr Miha Sato *JAPAN*
Slipped muscle syndrome

Dr Ramesh Kekunnaya *INDIA*
Duane Retraction Syndrome

Dr Venkateshwar Rao
Brown Syndrome

Dr Jane Edmond *USA*
Craniosynostosis

10.30 – 12.00

Paediatric Uveitis

Chairperson: Clive Edelsten

Dr J. DeBoer *THE NETHERLANDS*

Dr Elizabeth Graham *UK*

Dr Kaisu Kotaniemi

Dr Friederike Mackensen

Dr Sainz De La Maza *SPAIN*

Dr Miles Stanford *UK*

Pr Fatiha Bencherifa *MOROCCO*

Free Paper: Uveitis in children population: Clinical features and outcomes: about 94 cases

Dr Somasheila Murthy *INDIA*

Free Paper: Clinical spectrum of pediatric uveitis at a tertiary care centre from a developing country

Dr Sonia Zaouali *TUNISIA*

Free Paper: Childhood-Onset Uveitis: Data from Tunisia, North Africa

10.30 – 12.00

Paediatric Glaucoma

Chairperson: Dr Alicia Serra-Castanera *SPAIN*

Dr Nicola Freeman *SOUTH AFRICA*

Dr Alicia Serra-Castanera *SPAIN*

Goniotomy

Dr Nicola Freeman *SOUTH AFRICA*

Trabeculotomy/trabeculectomy

Dr David Walton *USA*

Glaucoma in special conditions (Aniridia, ARA, ectropion uveae)

Mr Ken Nischal *UK*

Cyclodestructive procedure

A. Levin *USA*

Tubes

Md Serpil Akar *TURKEY*

Free Paper: Long-term results following goniotomy in congenital glaucoma

Prof Nadiya Bobrova *UKRAINE*

Free Paper: New viscosurgery technique of pediatric congenital glaucoma treatment

Prof Dominique Bremond-Gignac *FRANCE*

Free Paper: Hemangioma and glaucoma in Sturge Weber Krabbe syndrome

Dr Beeram Pradeep Kumar Reddy *INDIA*

Free Paper: Comparative Evaluation of Trabeculotomy-Trabeculectomy with Mitomycin C versus Trabeculectomy with Mitomycin C for Primary Congenital Glaucoma

Mr Andrew Tatham *UK*

Free Paper: The incidence of glaucoma following congenital cataract extraction: A twenty year retrospective study

World Congress of Paediatric Ophthalmology and Strabismus

12-13 September 2009

Scientific Sessions

SATURDAY 12 SEPTEMBER (continued)

10.30 – 12.00

Strabismus re-do strategies

Chairperson: Steve Kraft *CANADA*

Dr David Plager *USA*

Reoperation after inferior oblique myectomy

Dr Mauro Goldchmit *BRAZIL*

Title TBC

Dr Gillian Adams *UK*

Re-operations on slipped and lost muscles

Yair Morad *ISRAEL*

Reoperation for consecutive exotropia following bi-medial recession: what is the best approach?

14.00 – 15.00

Paediatric Retinal Disease (Medical)

Chairperson: Tony Moore *UK*

Dr Tony Moore *UK*

Update on paediatric retinal disease

Dr Tony Moore *UK*

Cone dysfunction syndromes

Dr Elias Traboulsi *USA*

Stargardt disease

Birgit Lorenz *GERMANY*

Leber congenital amaurosis

Dr Eduardo Silva *PORTUGAL*

Retinal findings in metabolic disease

14.30 – 15.15

Managing Idiopathic Intracorneal Hypertension

Chairperson: Grant Liu *USA*

Mike Brodsky *USA*

Papilledema vs. Pseudopapilledema

Grant Liu *USA*

Medical and Neuro-surgical Management of Pediatric IHH

Michael Kazim *USA*

Optic Nerve Sheath Fenestration in Pediatric IHH

Grant Liu *USA*

No Title

15 minute panel discussion

14.30 – 16.00

Paralytic Strabismus

Chairpersons: Andrea Molinari *ECUADOR*

Julio Yanguela *SPAIN*

Dr Rosario Gomez Del Liano *SPAIN*

When is the use of Botulinum Toxin indicated in the treatment of VI nerve palsy?

Dr Mauro Goldchmit *BRAZIL*

Inferior Oblique Procedures for the management of IV nerve palsy

Dr David Plager *USA*

Superior Oblique and vertical recti procedures for the management of IV nerve palsy

Dr Agnes Wong *CANADA*

IV nerve or Skew Deviation?

Dr Miho Sato *JAPAN*

Transposition procedures for the treatment of VI nerve paralysis

Md Igor Aznauryan *RUSSIA*

Free Paper: The surgery in oculomotor paralysis – a novel procedure

Dr Manuel Falcao *PORTUGAL*

Free Paper: III, IV and VI nerve palsies - how they report in the emergency department

Md Natalie Kerr *USA*

Free Paper: Surgical Management of Residual Strabismus in Children Following Resolution of Cranial Nerve Palsies Affecting Ocular Motility

15.00 – 16.00

Paediatric Retinal Disease (Surgical)

Chairperson: Mangat Dogra *INDIA*

Dr Mangat Dogra *INDIA*

Overview of pediatric retinal surgery

Dr Wu Wei-Chi *TAIWAN*

Current surgical options for ROP

Dr Lingam Gopal *INDIA*

Management of RD with coloboma

Dr Wai Ching Lam *CANADA*

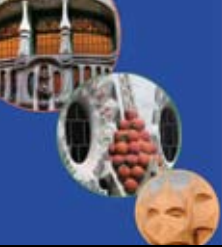

Management of PHPV

Dr. Chetan Patel *UK*

The value of OCT in managing pediatric vitreoretinal disorders

Dr George Caputo *FRANCE*

Management of posterior segment trauma in children

World Congress of Paediatric Ophthalmology and Strabismus

12–13 September 2009

Scientific Sessions

SATURDAY 12 SEPTEMBER (continued)

15.15 – 16.00

Managing Optic Nerve Glioma

Chairperson: Grant Liu *USA*

Atsushi Miki *JAPAN*
Imaging of Optic Pathway Gliomas

Michael Kazim *USA*
Surgery in Optic Pathway Gliomas

Grant Liu *USA*
Chemotherapy in Optic Pathway Gliomas

Devina Gogi *UK*
Free paper: Imaging of Optic Pathway Gliomas

16.30 – 18.00

Controversies (Amblyopia)

Chairperson: Dr Jonathan Holmes *USA*

Dr Jonathan Holmes *USA*
Spectacles, patching and atropine; an evidence-based approach

Dr G. Robert Laroche *USA*
PEDIG studies - what they don't tell us

Dr Jan-Tjeerd DeFaber *THE NETHERLANDS*
Monitoring and improving compliance

Dr William Astle *CANADA*
Free Paper: Laser-Assisted Subepithelial Keratectomy (LASEK) for Bilateral Hyperopia and Hyperopic Anisometropic Amblyopia in Children: One Year Outcomes

Professor Merab Dvali *GEORGIA*
Free Paper: Paediatric LASIK in Amblyopia & Strabismus (ten-years experience)

MD Laurence Lesueur *FRANCE*
Free Paper: Phakic IOL (ICL) to correct high unilateral myopic amblyopia in children: 12 years follow up

Dr Alastair Fielder *UK*
Current amblyopia outcome measures are inappropriate

Mr John Sloper *UK*
Amblyopia: not just acuity

16.30 – 18.00

Visual Electrophysiology in Children

Chairperson: Alki Liasis *UK*

Dorothy Thompson *UK*
Morphological classification of the electroretinogram in diseased retina

Alki Liasis *UK*
Interpretation of trans- occipital asymmetries

Daphne McCulloch *UK*
Assessment of the Electroretinogram in the neonate

Audrey Chia *SINGAPORE*
Visual evoked potentials in the monitoring of visual pathway function

Danna Croonen *THE NETHERLANDS*
Free Paper: Paediatric diagnostic electroretinograms in the north of the Netherlands: A 10 year retrospective overview

16.30 – 18.00

Controversies (Nystagmus)

Chairperson: Richard Hertle *USA*

Prof Louis F Dell'Osso *USA*
USA - Nystagmus

Prof Irene Gottlob *THE NETHERLANDS*
UK/Netherlands - Nystagmus and Amblyopia

Dr Alain Spielmann *FRANCE*
France - Nystagmus

Maria Theodorou *UK*
UK - Nystagmus

Christopher Harris *UK*
UK - Nystagmus

World Congress of Paediatric Ophthalmology and Strabismus

12–13 September 2009

Scientific Sessions

SUNDAY 13 SEPTEMBER

08.00 – 09.00

LIDS

Chairperson: D. Bremond-Gignac *FRANCE*

B. Fayet *FRANCE*

Presentation and management of congenital dacryocystocele

D. Bremond-Gignac *FRANCE*

Presentation and management of congenital dacryocystocele

F. Mouriaux *FRANCE*

Surgical repair of congenital ptosis

Suryonath Rath *INDIA*

Eyelid colobomas in children

C. Levy *FRANCE*

Eyelid tumors in children: benign or non benign

G. Sundar *SINGAPORE*

Epiblepharon repair in children

09.00 – 10.00

Early Intervention and Rehabilitation of Children with Impaired Vision

Chairpersons: Lea Hyvaneran *FINLAND*, Lucy Kidd *UK*

Tuula Kiviranta *FINLAND*

Importance of assessment and early intervention of impaired vision of children with CP and other motor problems

Elisa Fazzi *ITALY*

Contribution of ophthalmologists to the early intervention and education of children with intellectual disability

Linda Lawrence *USA*

Role of ophthalmologists in early intervention and education of visually impaired children in developing countries

Jill Keefe *USA*

Information that the schools need from ophthalmologists for Individual Educational Plans of children with impaired vision with or without other problems

08.00 – 09.00

Optic Neuritis in Children

Chairperson: Dr Paul Phillips *USA*

William Good *USA*

Papillitis

Vimala Menon *INDIA*

MS and literature overview

Dr Hyun Lim *KOREA*

Pediatric Neuromyelitis Optica

Dr Paul Phillips *USA*

Neuroretinitis

Dr Meenakshi Ravindran *INDIA*

Free Paper: Optic Neuritis in Children

09.00 – 10.00

Paediatric Anaesthesia

Chairperson: Mr Richard Martin *UK*

Dr Sonia Abrantes *PORTUGAL*

IV Anaesthesia

Dr. Matt Allen *USA*

Ketamine

Mr Richard Martin *UK*

Poems for children Anxiety Management Training

World Congress of Paediatric Ophthalmology and Strabismus

12–13 September 2009

Scientific Sessions

SUNDAY 13 SEPTEMBER (continued)

10.30 – 12.00

Retinoblastoma

Chairpersons: Dr Brenda Gallie *USA*, Dr Arun Singh *INDIA*

M.D Doris Hadjistilianou *ITALY*

Free Paper: Direct intraarterial (ophthalmic artery) chemotherapy with melphalan for intraocular retinoblastoma: a new conservative approach

Dr Mustafa Mehyar *JORDAN*

Free Paper: ORBIS in Ocular Oncology: Cost-Effectiveness, Efficacy, and Practicality Profile: The King Hussein Cancer Center Experience

Dr Julio Manzitti *ARGENTINA*

Retinoblastoma in Argentina: development of translational research programs through international partnerships

Dr Helen Dimaras *KENYA/CANADA*

The Kenyan National Retinoblastoma Strategy

Dr Helen Chan *KENYA/CANADA*

Clinical Trials in Retinoblastoma: Chemotherapy

Dr Malipatna Ashwin *INDIA*

Detection of Retinoblastoma by Simple Camaras

Dr Arun Singh *INDIA*

No Title

Dr Brenda Gallie *USA*

Global Genetic Opportunities

10.30 – 12.00

ROP

Chairperson: Andrea Zin *BRAZIL*

Clare Gilbert *PAKISTAN*

ROP as a global cause of childhood blindness

Alastair Fielder *UK*

Plus and pre-plus disease

Wagih Aclimandos *EGYPT*

Screening options for serious ROR

Anna Ells *CANADA*

Current treatments for acute disease and possible future treatments

Andrea Zin *BRAZIL*

Perspectives from neonatology on ROP

Rajvardhan Azad *INDIA*

Screening guidelines: why so many are needed?

10.30 – 12.00

The Orbit

Chairpersons: Yassir Abou-Rayyah *UK*, J. Katowitz *USA*

Yassir Abou-Rayyah *UK*

Vascular Anomalies of the Orbit in Children

Jurij Bilyk *USA*

Idiopathic orbital inflammatory syndrome in children

Ramesh Murthy *INDIA*

Orbital Tumors in Children

Jim Katowitz *USA*

Orbital decompression for non-thyroid proptosis in children

Femida Kherani *CANADA*

Enophthalmos in the pediatric patient: management options

William Katowitz *USA*

Volume augmentation in congenital microphthalmos

14.00 – 15.30

Exotropia

Chairperson: Dr Scott E. Olitsky *USA*, Dr Zhao Kanxing *CHINA*

Dr Farzavandi *SINGAPORE*

Evaluation of the patient with exotropia

Dr Mohnney/ Dr Jonathan Holmes *USA*

When to operate the patient with exotropia

Dr Dorothy Fan *HONG KONG*

Treatment of large angle exotropia

Dr Zhao Kanxing *CHINA*

Treatment of A Pattern exotropia

Dr Steve Kraft *CANADA*

The adult patient with exotropia

Discussion: Questions & Answers

World Congress of Paediatric Ophthalmology and Strabismus

12-13 September 2009

Scientific Sessions

SUNDAY 13 SEPTEMBER (continued)

14.30 – 15.30

Thyroid Eye Disease

Chairperson: Dr David Granet *USA*

Dr Lelio Baldeschi *ITALY*

No Title

Dr Don Kikkawa *USA*

No Title

Dr Sonal Farzavandi *SINGAPORE*

No Title

Dr David Granet *USA*

No Title

14.30 – 16.00

Paediatric External Diseases

Chairperson: Dr Choong Yee Fong *MALAYSIA*

Moderator: Dr Sonal Farzavandi *SINGAPORE*

Mr. Ken Nischal *UK*

Blepharokeratoconjunctivitis

Dr Choong Yee Fong *MALAYSIA*

Management of severe vernal keratoconjunctivitis

Dr Jacob Kumaresan *USA*

Trachoma: Where are we now in the 21st Century?

Dr Nibaran Gangopadhyay *INDIA*

Steven Johnson Syndrome in Children

Dr Jerry Zaidmann *USA*

Corneal Transplant in Children

Dr. Merle Fernandes *INDIA*

Corneal Dermoids

Dr Lynn Speedwell

Contact lenses in Paediatric Ophthalmology

15.30 – 17.15

Esotropia

Chairperson: Dr Seyhan Ozkan *TURKEY*, Dr Alicia Galan *SPAIN*

Dr Silvia Moguel *MEXICO*

Infantile esotropia pathogenesis and outcome of surgery

Dr Rosario Gomez de Liano *SPAIN*

Role of botulinum toxin in infantile esotropia

Dr Deniz Somer *TURKEY*

Accommodative esotropia - how to manage the accommodative element?

Dr Gideon du Plessis *SOUTH AFRICA*

Secondary esotropia entities

Dr Tsuranu Yokoyama *JAPAN*

Esotropia in association with high myopia

15.30 – 16.30

Non Accidental Injury

Chairperson: Dr A. Levin *USA*

Dr Brian Forbes *USA*

20-25 mins; Global epidemiology of abuse and review of current science regarding retinal hemorrhage in abusive head injury (Shaken baby syndrome)

Dr Alex Levin *USA*

20-25 mins; Highlights from around the world's literature illustrating work in multiple countries

10-20 min open discussion/Q&A

World Congress of Paediatric Ophthalmology and Strabismus

12-13 September 2009

Scientific Sessions

SUNDAY 13 SEPTEMBER (continued)

16.00 - 17.15

Genetics

Chairperson: Dr Eduardo Silva *COLUMBIA*, Dr Elias Traboulsi *USA*

Dr Arif Khan *SAUDI ARABIA*

Cornea plana and other ocular malformations - The Saudi experience

Dr Eduardo Silva *COLUMBIA*

Genetics of pediatric glaucoma

Dr Susanne Kohl *GERMANY*

An update on the genetics of achromatopsia

Dr Alex Levin *USA*

Overview of the molecular genetics of congenital cataracts

Dr Birgit Lorenz Giessen

The role of imaging in the work-up of patients with retinal dystrophies

Dr Elias Traboulsi *USA*

The Genetics of Strabismus

Dr Sérgio Leal *PORTUGAL*

Free Paper: Aniridia and limbal stem cell insufficiency: genotype-phenotype correlations

16.30 - 17.15

Strabismus Techniques

Chairperson: Dr David Granet *USA*

Masoud Teimiri

Microscope Assisted Strabismus Surgery (MASS)

TBC

No Title

TBC

No Title

TBC

No Title

Md Mahmoud Rageh *EGYPT*

Free Paper: Sutureless strabismus surgery: experimental and human studies

17.30 - 18.30

My World, My Way

Chairperson: Dr Marilyn Miller *USA*

Dr Zafar Iqbal *PAKISTAN*

The Northwest Frontier

Dr Daniela Cioplean *ROMANIA*

The Romanian Experience

Dr P. Vijaylakshmi *INDIA*

Developing a Teaching Network in South India

Dr Dechen Wangmo *BHUTAN*

A big challenge for a small country

World Congress of Paediatric Ophthalmology and Strabismus

12–13 September 2009

Free Paper Sessions (Non-Strabismus)

SATURDAY 12 SEPTEMBER

08.10 – 10.00

Pavel Beliakouski *BELARUS*

Application embryonal stem cells at toxic defeat of an optic nerve

Esmeralda Costa *PORTUGAL*

Surgical Management of pediatric ectopia lentis

Andrzej Dmitriew *POLAND*

Predictable, precise and anaesthesia-free IOL calculation in children below 6 years of age

Vitor Fernandes *PORTUGAL*

Sports-related ocular trauma in paediatric age: a three year follow-up study

Daisy Godts *BELGIUM*

Visual outcome after 'bag-in-the-lens' pediatric cataract surgery

Tulika Kar *NIGERIA*

Outcome of pediatric temporal tunnel cataract surgery using Peribulbar anesthesia in a primary eye care center in sub-Saharan Nigeria.

Barbara Käsmann-Kellner MD *GERMANY*

Glaucoma of prematurity (GOP) unrelated to retinopathy of prematurity is a potentially blinding entity especially for brain damaged premature

Caitriona Kirwan *IRELAND*

Long term follow up of unilateral pseudophakia following surgery for congenital cataract in the first year of life.

Adriano Magli *ITALY*

Corneal cross linking in paediatric patients: Our preliminary results

Kalpana Narendran *INDIA*

Visual outcomes and complications following Intraocular Lens exchange in Pediatric population

Cameron Parsa *USA*

Juvenile pilocytic astrocytomas do not undergo spontaneous malignant transformation

Niranjan Pehere *INDIA*

Neonatal endogenous endophthalmitis: Case series of thirteen eyes from a tertiary eye care centre

Jagat Ram *INDIA*

Primary intraocular lens implantation in children less than five year: Results of hydrophobic acrylic versus polymethylmethacrylate lenses

Shira Robbins *USA*

Complimentary and Alternative Medicine : Your patients are being treated with something you did not prescribe

Heather Russell *UK*

Ophthalmic and Electrophysiological Findings in Children Exposed to Opiate Misuse in utero.

Kate Smith *UK*

Visual Outcomes in Craniosynostosis Using the GOSH Surveillance Protocol

Alexander Tereshchenko *RUSSIA*

Early vitreoretinal surgery for aggressive posterior retinopathy of prematurity

Neepa Thacker Dave *INDIA*

Lotus Pediatric Color Vision Test - A new Pediatric Color Vision Test

Ildar Zaidullin *RUSSIA*

Modified technique for capsulorhexis in infants

Laura Zarratea Herreros *SPAIN*

Screening examination for retinopathy of prematurity with RETCAM: Validity performance

World Congress of Paediatric Ophthalmology and Strabismus

12-13 September 2009

Free Paper Sessions (Strabismus)

SUNDAY 13 SEPTEMBER

08.00 – 10.00

Faudziah AbdManan MALAYSIA

The accommodative functions of the intermittent exotropia

Jasmina Alajbegovic-Halimic BOSNIA AND HERZEGOVINA

Binocular Visual Function after Esotropia Surgery

Jatin Ashar INDIA

Videonystagmographic evaluation of Dell'Osso tenotomy procedure and large retroequatorial recession of horizontal recti for nystagmus with no definite null position.

Noopur Nikki Batra USA

Comparison of Primary Position Measurements and Abduction Deficit between Type I Duane Syndrome and Sixth Cranial Nerve Palsy

Tarik El Alloussi MOROCCO

Clinical features and sensorial outcome in accommodative esotropia: About 90 cases

Abdel Mongy Elsayed YEMEN

Efficacy of partial vertical muscle transposition combined with Wright modification in cases of acquired sixth nerve palsy

Norliza Fadzil MALAYSIA

The Effect of Null Point Training on Reading Performance

Hans C Fledelius DENMARK

Coloboma and visual acuity. Structural and functional amblyopia aspects. A consecutive clinical series of 21 cases.

Claire Hartnett IRELAND

The Management and Visual Outcome of Children with Persistent Amblyopia Following Intensive Occlusive Treatment.

Valentín Jiménez Mateo-Sidrón SPAIN

Effect of hyperopic laser in situ keratomileusis on convergent strabismus

Ramesha Kekunnaya INDIA

Long term outcome of squint surgeries performed before age of one year for different types of squint

Natalie Kerr USA

Surgical Correction of Divergence Insufficiency Type Esotropia in Adults with Lateral Rectus Resection on Adjustable Suture

Sun-A Kim SOUTH KOREA

Comparison monocular amblyopia to binocular amblyopia in children with hyperopia of +4D or more

Carla Lança PORTUGAL

Risk factors for non compliance using occlusive therapy - a case study

Mary MacRae UNITED KINGDOM

Saccadic Vector Optokinetic Perimetry - A novel technique for automated visual field assessment in children utilising eye tracking.

Kamiar Mireskandari CANADA

A thirteen year review of strabismus surgery using adjustable sutures

Javier Moreno Sanz SPAIN

Myasthenia Gravis and Mitochondrial Myopathy.

Dr Meenakshi Ravindran INDIA

Etiology and Management of comitant esotropia in children in South India

Alain Spielmann FRANCE

Nystagmus surgery in oculo-palatal tremor

Josep Visa Nasarre SPAIN

Strabismus after glaucoma drainage device placement
